PROJECTS

BALTIMORE FARMERS' MARKET

The Baltimore Farmers' Market has connected urban and rural communities under the Jones Falls Expressway since 1985. Each Sunday, as many as 8,000 shoppers make purchases from farmers, bakers, and crafters. Friends reunite and children play under columns painted by 30+ mural artists. The market celebrates nourishment of the body and soul, and I seek to capture its unique beauty and spirit of fellowship throughout the year..

PROJECTS

ARTIST PORTRAITS & SUPPORT

I've benefited from the support of local, national, and global arts organizations. To return the favor and explore studio photography, I create portraits and images of work for others. I've enjoyed collaborating with artists associated with Artists and Makers Gallery (Rockville), Wheaton Arts Parade, Sandy Spring Museum, Mummers organizations in Philadelphia, and more.

Shown: Alexandra Slezak, Glen Kessler, and Trisha Gupta

PROJECTS

STREET GALLERY

I'm on the streets with my camera as much as possible, at home in the Washington, DC area, on trips to New York, and wherever else I travel. You can see my street gallery grow at www.imageslostandfound.com.
